Print. Your way

The DocuPrint C115 / 225 series colour printers allow you to print in the office or on the go from mobile devices with Air Print and Google Cloud Print.

AirPrint and Google Cloud Print Ready*

AirPrint™ and Google Cloud Print™ enables you to print directly from your mobile device without the need to install print drivers. Perfect for people on the move.

Print from anywhere*. Google Cloud Print allows you to connect your printers to the web, so you can make your home and work printers available to you from the applications you use every day, from wherever you are.

*Google Cloud Print only available on DocuPrint CP225 w and CM225 fw

Vibrant colour

Produce vibrant colour documents with incredible clarity and precision through best in class 1200 x 2400dpi colour printing.

Impressive colour

Make a lasting impression in brilliant colour – S-LED technology, combined with our EA-Eco toner produces glossy, vibrant colours; rich, deep blacks; and the smoothest colour transitions. Matched with a 1200x2400dpi print resolution, the DocuPrint C115 / 225 Series printers will deliver amazing results.

Brilliant highlights

MACS (Micro Accurate Control Screen) optimises the shape of screen elements in accordance with the image density of the area. This technology offers reproduction of smooth gradations and beautiful highlights.

High-speed colour correction

IReCT (Image Registration Control Technology) provides ultra high precision colour printing of 2400 dpi, that accurately corrects image misalignments through a digital process.

Higher speed – increased productivity

The DocuPrint C115 / 225 Series printers feature fast CPUs, impressive memory, fast warm-up time and superior fusing technology delivering exceptional print speeds, increased efficiency, and operational reliability.

The DocuPrint C115 / C225 Series Colour Printer Range

DocuPrint CP115 w^ / CP116 w
10ppm Colour / 12ppm Mono
USB, Wireless
1200 x 2400 dpi

Ultimate Usability

The clever design features found in the DocuPrint C115 / 225 series printers make operation simple and increase efficiency.

Advanced 4.3” colour touch screen interface

The DocuPrint CM225 fw features an advanced 4.3" colour touch screen interface. Its big, bright icons and intuitive menus make walk-up operation incredibly fast and simple.

Connect with a touch of a button

The DocuPrint C115 / 225 series feature one-touch Wi-Fi setup (WPS 2.0) making Wi-Fi set up effortless and a breeze to share the printer wirelessly among small workgroups. Simply press the WPS button on the printer, then the WPS button on a Wi-Fi enabled router to establish a Wi-Fi connection.

Convenient. Scan and save directly to USB memory.

Quick and easy connection. With WPS makes Wi-Fi set up effortless.

Easy change consumables. Changing toner cartridges is quick and simple.

Eco-friendly

The DocuPrint C115 / 225 series printers are designed to reduce the impact on the environment and reduce operating costs.

Trouble free printing, eco-friendly technology

Proven S-LED print engine technology consumes minimal energy and space, and operates quietly. With few moving parts, your printer requires very little maintenance and therefore, less replacement needs.

A greener toner

EA (Emulsion Aggregation)-Eco toner is a special toner that allows fusing to paper at a much lower temperature. This allows you to save up to 20% power consumption and reduce CO_2 emissions by up to 35% compared to conventional Fuji Xerox toners. That means bigger cost savings for you and a greener planet for us all.

Less waste

Less consumables means less waste. High yield toner cartridges combined with a 4-level toner save mode help to reduce the frequency of toner cartridge replacement. Plus, the DocuPrint C115 / 225 series contains a long-life drum that supports the life of the printer. This all results in far fewer consumable waste ending up in landfill sites.

Extend the life of your toner

The 4-level toner save mode gives users complete control of toner usage by selecting a mode that is most suited to the output that is required. For instance, when printing documents for internal use, you may want to use the lightest setting for maximum toner saving.

[1] Only available on the DocuPrint CM225 fw. [2] Only available on the 225 Series. [3] The weight of the toner cartridge is included. [4] WSD stands for Web Services on Devices. [5] When scanning A4 size at 600×300dpi. Does not include time to transfer scan date to PC. Value will vary based on image, scan settings and usage environment. [6] Declared yield in accordance with ISO/IEC 19798 and ISO/IEC 24712. Yield will vary based on image, area coverage and print mode.

115 series: Printer is shipped with one standard toner yield 500pages (Black,Cyan, Magenta, Yellow) toner.
225 series: Printer is shipped with one standard toner yield 1,000 pages (Black) and 700pages (Cyan, Magenta, Yellow) toner.

Reproduction Prohibitions Please note that reproduction of the following is prohibited by law:
Domestic and foreign currencies, government-issued securities, and national bonds and local bond certificates. Unused postage stamps, post cards, etc. Certificate stamps stipulated by law. Reproducing works forming the subject matter of copyright (literary works, musical works, paintings, engravings, maps, cinematographic works, drawings, photographic works, etc.) is not permitted unless the reproduction is for the purpose of personal use, family use or other similar uses within a limited circle.

For Your Safety
Before using the product, read the Instruction Manual carefully for proper use. Use the product with the power source and voltage specified. Be sure to establish ground connection. Otherwise, electronic shock may result in the case of a failure or short circuit.
