

Lexmark C925de

Lexmark C925de

4.3-inch colour touch screen | Solutions | Duplex printing* | Up to 30 ppm | Network | A3 / 11 x 17

The Lexmark C925de colour printer delivers outstanding A3 colour printing, easy-to-use features and productivity solutions, all through an affordable, compact design.

Affordable A3 colour printing

The Lexmark C925de provides A3 (11 x 17) printing at an affordable price. With its compact design, you can also save valuable office space. Enjoy the benefits of vibrant, professional-quality output on a wide variety of media, allowing you to do more colour printing in-house. With the advanced colour technology of the Lexmark C925 Family, you'll get excellent, consistent color from the first page to the last.

- Match corporate colors on marketing collateral and brand-sensitive text and graphics with Lexmark Named Color Replacement and PANTONE® calibration
- Supports media up to 11.7 x 48 inches
- Lexmark Colour Care Technology to manage colour usage and control costs

Easy and intuitive

The Lexmark C925de is designed for easy operation and maintenance.

- 4.3-inch colour touch screen provides audible feedback to make completing tasks intuitive
- Front USB port for walk-up printing
- Print Preview features help you select documents or specific pages within a document
- Ability to change settings, such as duplex, at the device
- Eco-friendly features and settings to reduce energy and waste

Built for business

Designed for medium to large workgroups, the Lexmark C925 Family is robust enough to meet the demands of your busy colour printing environment, while offering the advanced networking, security and device management capabilities you need.

- Print speeds as fast as 30 ppm in both black and colour
- Standard paper input capacity of up to 450 sheets with expandability up to 2,100 sheets
- Robust connectivity makes it easy to integrate into most network environments
- Preloaded solutions to drive greater efficiency, and Lexmark Embedded Solutions Framework to further extend the capabilities of the device
- Fast 800 MHz processor and 256MB standard RAM to quickly process complex print jobs
- Innovative security controls to help protect your device, data and network, including authentication and authorisation. Optional hard disk offers disk wiping and encryption
- Advanced job and user accounting to track device usage and environmental cost (hard disk required)
- Device management software available

Make a lasting impression with award-winning colour

The documents you print define an important image—yours. That's why Lexmark colour lasers help businesses be more productive and stand out with vibrant colour. With the ability to print professional quality colour in-house, you can add instant impact and save costs by virtually eliminating the need to outsource print jobs. Lexmark also offers a host of colour-access and control tools to manage costs.

The right touch

The Lexmark e-Task colour touch screen is a key access point to your printer. The customisable 4.3-inch interface gives you the ability to preview thumbnails of documents prior to printing, as well as change print jobs at the device. You can even view, select and print specific pages within a document directly from the touch screen. Its easy-to-use, intuitive navigation provides fast access to the functions, shortcuts and workflows you use most. New interactive sensory features provide audible feedback, helping to guide you through each operation, confirming a touch has registered and indicating an action is transpiring.

This is an FCC Class A device. Not intended for use in residential or domestic environments.

Protecting your information

From the data traveling through your network to the pages being printed, Lexmark's innovative security controls give you peace of mind that your valuable corporate data is protected at every stage.

- Cutting-edge user authentication and authorisation controls, including LDAP, help protect your device and data
- Card reader option to add an extra layer of security
- Hard disk encryption protects sensitive data on the disk drive (hard disk optional)
- Automatic, scheduled or manual disk wiping
- IPSec, SNMPv3 and 802.1x network security supported
- Security-audit logging to help track and identify security risks

True image always

Lexmark is dedicated to designing and manufacturing products that deliver exceptional quality and reliable performance. Maximise the return on your investment, extend the service life of your Lexmark printing equipment and make a lasting impression by always insisting on Lexmark Genuine Supplies, Service and Parts. Lexmark C925de colour laser printers are backed by a one-year limited warranty. For further protection against unexpected expenses or downtime, extended warranty offerings are available.

Save time and money through solutions

Reduce unnecessary printing and simplify work processes with Lexmark solutions. The Lexmark C925 Family features the Lexmark Embedded Solutions Framework (eSF), our platform that enables you to add a wide range of software applications directly onto the device. Solutions are designed with your productivity in mind, helping you streamline—or even eliminate—paper intensive business processes.

Below are solutions that come preloaded on the Lexmark C925de. A diverse portfolio of additional Lexmark solutions is available to help accommodate your workflow needs.

Preloaded solutions* on the C925de:

Forms and Favorites

Eliminate waste and inefficiencies associated with preprinted forms. Store frequently printed forms, marketing materials or other documents online, then print them on demand.

Eco Settings

Lets you change up to six different device settings to enhance environmental savings: Eco-Mode, two-sided printing, time to standby mode, time to Power Saver mode, screen brightness, and Quiet Mode.

Showroom

Display a customisable, scrolling slideshow on the color touch screen to promote your business or products, or to communicate important messages to your customers or employees.

Background and Idle Screen

Change the touch screen background to your corporate logo, a unique message, or select one of the four screens that are preloaded on the device.

Change Language**

Easily switch the language displayed on the touch screen—18 languages supported.

* Additional solutions are available
** Opt-in to Change Language during installation

1.

Intuitive colour touch screen

The 4.3-inch colour touch screen allows you to operate your printer with ease and confidence through smart and intuitive navigation, easy access to workflow solutions and shortcuts, and the ability to preview your documents and print jobs at the device.

2.

Advanced security

Protect your device, data and network with innovative security controls, like authentication and authorisation, and an optional hard disk with disk wiping and encryption.

3.

Direct USB

The front USB port allows for convenient walk-up preview and printing, and is compatible with most printable image file formats.

4.

Load multiple media types

150-sheet and 250-sheet input trays and a multipurpose feeder come standard, allowing you to load three media types.

5.

Front-loading toner cartridges

Cartridges are conveniently located at the front of the device for easy access.

6.

Lexmark solutions

Reduce unnecessary printing and simplify work processes through solution applications preloaded on your device. Choose additional Lexmark solutions to fit your unique workflow needs.

7.

Eco-friendly features

Print responsibly with easy-to-access features, including Eco-Mode to reduce paper and toner consumption, and the Sleep button to help you save energy.

* Average continuous black or composite CMY declared cartridge yield in accordance with ISO/IEC 19798.

[1]”Recommended Monthly Page Volume” is a range of pages that helps customers evaluate Lexmark’s product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage. [2]”Maximum Monthly Duty Cycle” is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs. [3]Actual Yield may vary based on other factors such as device speed, paper size and feed orientation, toner coverage, tray source, percentage of black-only printing and average print job complexity.

This is a Class A device according to the FCC Rules and international electromagnetic emissions standards. This device is not intended for use in residential or domestic environments due to potential interference to radio communications.
