Epson **LabelWorks LW-300**

DATASHEET

Organise your office space with professional labels. The Epson LabelWorks LW-300 is a compact, electronic label maker that takes care of all your office labelling requirements, including filing and storage.

With its ergonomic buttons, integrated keyboard and high-quality LCD screen, the LW-300 is simple to use. Dedicated buttons give quick access to cutting and printing functions, while an internal memory allows you to save and recall your favourite 30 label designs at any time. The amount of tape remaining can be checked at any time via a window.

Fitting easily onto your desktop, the LW-300 can be used with the included AC adaptor, or loaded with batteries for label printing on the go. It prints up to 2 lines and offers excellent versatility with 14 font types, 5 character sizes, 457 symbols, 87 borders and 10 styles, including bold, italic, outline and shadow.

Epson's wide selection of tapes in 6, 9 and 12mm sizes covers virtually every office labelling need. The range includes standard, black, transparent and writable matte paper labels, a variety of colours including fluorescent and pastel, and two adhesive strengths. All Epson labels are very durable, resisting water and withstanding hot and cold conditions.

The LW-300 minimises label margins, meaning you get more labels per tape, and Epson's 9-metre label tape offers economical refills. Two four-metre label tapes are included to get you started.

When registered on Epson's website, the LW-300's two-year warranty is extended to three years for extra peace of mind.

KEY FEATURES

- Electronic label maker with integrated keyboard
- Accepts 6, 9, 12mm tape widths
- Simple to use with ergonomic buttons and high-quality LCD screen
- Dedicated buttons give quick access to cutting and printing functions
- Save and recall 30 label designs using the internal memory
